SEEDSMEN,
DETROIT, MICHIGAN.

SPECIAL NOTICE.

In general, seed crops the past season have yielded abundantly, and our prices are correspondingly low. We are confident they are as low as seeds of similar quality can be sold at. We handle absolutely nothing that has not been carefully grown from the choicest stock seed, especially for seed purposes.

We have made the lowest prices possible consistent with first-class quality, but we cannot in the matter of price compete with rubbish, sure to disappoint the planter and result in losses far exceeding the total cost of good seeds.

THERE is on the market at present an enormous supply of seeds of questionable quality, grown by careless or unskilled growers from very doubtful stock to begin with, as well as large bankrupt stocks largely of dubious pedigree and age, which, had we been willing to handle them, we could have bought for a song—very much less than the first cost of producing such goods as we have always sold and now offer our customers. There never was a time when "cheap" goods in our line should be more resolutely shunned by all dealers who want to supply seeds that will satisfy and make money for the planters and gardeners who trust them with their orders. Our seeds have behind them a history of constant success during the past forty years, and our motto will continue to be:

"THE BEST IS ALWAYS THE CHEAPEST; RELIABLE SEEDS CANNOT BE AFFORDED AT HALF PRICE."

Not bound by these prices for any definite time or quantity, and subject to advance without notice.

Our prices are for delivery f. o. b. cars, Detroit, Mich., and do not include the cost of containers. When seamless cotton grain bags, boxes, or barrels are necessary for safe transportation, such packages will be charged at value, and are not returnable.

Proportionately higher prices will be charged for quantities less than ¼ lb. or ¼ bu. Where two qualities of any variety are quoted, the best will always be sent, unless specially otherwise ordered.

TERMS—Net Cash June 1, 1897, without regard to date of purchase, or a discount of one per cent. per month on the unexpired time when paid before maturity. Field Peas, Clover, Hungarian, Millet, Timothy, and all grass seeds, net cash, without any discount whatever. CASH or satisfactory references should accompany orders from unknown correspondents.

We give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds we send out, and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

SEIBERT'S EARLY LIMA BEAN.

The earliest true Lima. The vine is very vigorous and productive. The pods are large but thin, and can be more easily opened than those of other varieties, thus making this sort especially valuable to those who sell shelled beans. The green beans are the largest of any of the Limas, very handsome and of the best quality. In earliness, ease of shelling, size, beauty and quality of the green beans, this new variety of our introduction is far in advance of all other sorts, and must come to be recognized as the best of all for either the garden or market

Mammoth White Cory Sweet Corn.

We have devoted a great deal of thought and labor to the improvement of sweet corn, and we feel well rewarded in being able to offer such a real improvement as this Mammoth White Cory.

As Early as the Earliest and No Extra Early Sweet Corn Will Compare With it in Size.

The ears are twelve rowed, fully twice the size of the old Cory, white cobbed, and covered with very large, white grains of good quality. No other sweet corn will find ready sale in a market which is supplied with Mammoth White Cory and the gardener who wishes to get the cream of the trade should make his plantings of this splendid novelty.

AS A FIRST EARLY IT IS

EXTRA EARLY, NOTHING EARLIER.

EXTRA QUALITY, NOTHING BETTER.

EXTRA LARGE, NOTHING LARGER.

CORN.

CAUTION—Sweet Corn in bulk, even after being thoroughly cured, will often gather moisture and spoil, particularly if it has been exposed to a low temperature. To prevent this it should be taken out of the bags as soon as received and spread in a dry place. D. M. F. & Co.

EXTRA EARLY WHITE MILAN TURNIP.

Extra Early White Milan.

This variety is a marvel of earliness. The top is very small, upright and compact, so that the rows can be planted close together. The clear white roots are very smooth, symmetrical and beautiful. The flesh is white, tender and sweet.

Extra Early Purple Top Milan.

Similar to the White Milan, except that the roots are a little flatter and a beautiful purple-red on the upper portion. All in all, these Milan turnips leave nothing more to be desired in the way of an extra early garden turnip

POPPY DOUBLE WHITE FRINGED.

This is a strain of the double carnation poppy in which the flowers are very large, and double, dazzling white and so finely cut as to remind one of a ball of cut silk. It will delight all flower lovers.

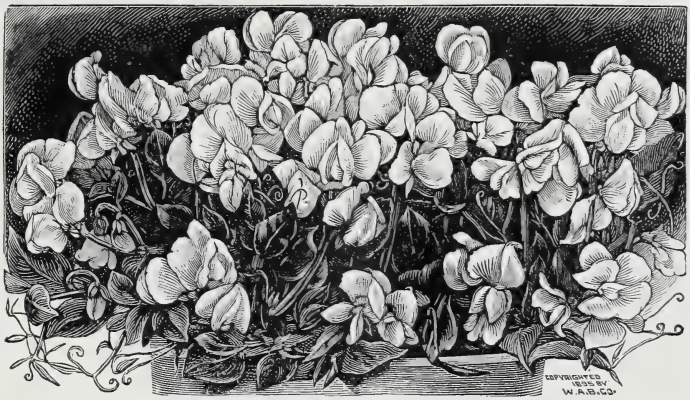
Price, Per Ounce, 50 cents. Per Pound, $5.00.

SWEET PEAS.

WE ARE HEADQUARTERS FOR SWEET PEAS,

handling annually as many, if not more, than any other one house in the trade. Every year since we introduced the Blanche Ferry, which gave the first great impetus to the cultivation and development of Sweet Peas in this country, we have carefully cultivated on our own farms our Sweet Pea seed stocks. The improvements in purity we have thus made, have been very marked, and to-day no purer or better Sweet Peas than ours can be had from any quarter. Large quantities of low-grade Sweet Peas, carelessly grown by inexperienced cultivators, or saved from self-sown crops, are now on the market. In these, the poorer and darker sorts are certain to predominate. We are unwilling to offer such goods to our customers even at the low prices at which they can be profitably sold. Those who entrust their orders to us can rest assured they will receive the

PUREST and BEST SWEET PEAS on the market and at VERY REASONABLE prices.



CUPID SWEET PEAS.

This is one of the most distinct varieties ever introduced. The plants form a compact, moss-like bunch, about nine inches high and about eighteen inches across, and produce an abundance of clear white flowers of fair form and substance. It is well suited for growing in pots or as a border plant. Everyone should grow this floral wonder.

ECKFORD'S HYBRIDS MIXED.

This mixture is made up only of the best of the Eckford large flowering varieties which we have produced separately. Telegraph Cipher, **Brice.** Per lb., ~~25 cts.~~ Per 100 lbs., ~~$20.00~~

CHOICEST MIXED.

This mixture is made by ourselves and consists only of the choicest sorts, new and old, in just the right proportion of white, bright red, pink, mauve and other colors to make the most brilliant show possible in the garden. It is unsurpassed by any mixture offered and could not be better if we listed it at three times the price. We will not handle the cheap, worthless mixtures, nor make up foolish, fake mixtures at exorbitant prices. Telegraph Cipher, **Bristol.** Per lb., ~~25 cts.~~ Per 100 lbs., ~~$18.00~~

TWO NEW AMERICAN SWEET PEAS

Introduced by us in 1895.

EXTRA EARLY BLANCHE FERRY.

IN FULL BLOOM TWO WEEKS BEFORE ANY OTHER SORT, AND OF VERY DWARF HABIT.

The flowers have the bright contrast of color which has made the Blanche Ferry so popular, the wings being nearly white, while the standard is deep rose pink, becoming more intense near the base. The plants are exceedingly hardy, vigorous, and floriferous, and at the same time very dwarf, making it particularly desirable for greenhouse culture. Inside it occupies less space, and gives flowers sooner and in greater abundance than any other sweet pea, and it does equally well out of doors, needing less trellising than other kinds; in fact it can be grown outside with great satisfaction without any support whatever.

It has absolutely no rival for forcing.

Per lb., 50 cts.

KATHERINE TRACY.

The Largest and Finest Pink Sweet Pea.

The color is soft but brilliant pink, of precisely the same shade in wings and standard. Its form is perfect, and the strong growing plants are vigorous and give a wonderful profusion of flowers, which continue large and fine until the end of the season. In hardiness, prolific flowering habit, durability and practical usefulness, this is greatly superior to many large flowering sorts of recent introduction.

Per lb., 50 cts.

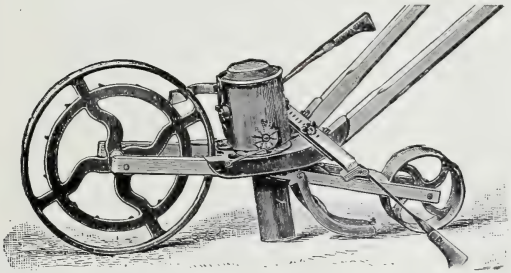
FARM AND GARDEN TOOLS.

FOR PRICES SEE PAGE 47.

This very complete line of Tools is popular, and quite deservedly so They are reliable and accurate, and do not get out of order. Every one is a labor saver and money earner. **Send for Illustrated and Descriptive Catalogues for 1897.**

MATTHEWS GARDEN DRILL.



The Standard Drill of America.

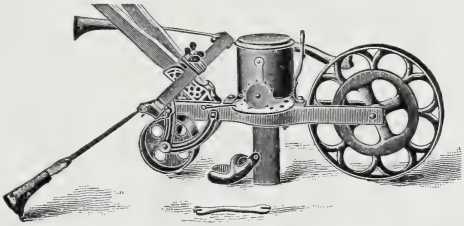
NONE BETTER CAN BE PROCURED.

It has been improved from time to time and is now acknowledged to be

THE MOST PERFECT DRILL MADE.

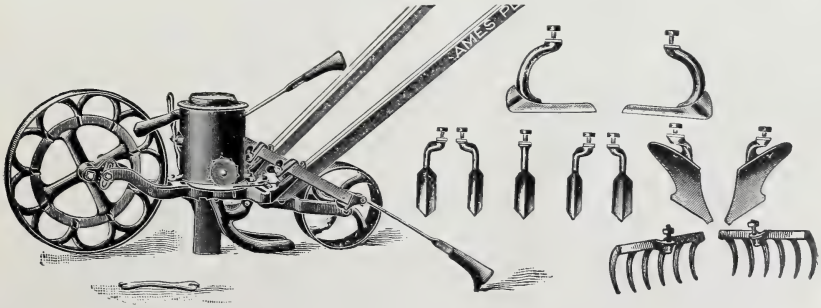
MATTHEWS GARDEN GEM DRILL.

This has been perfected to meet the demand for a low-priced drill. We here offer a drill with all the essentials of the Matthews principle, from exactly same patterns as those used on the larger and more expensive drills.



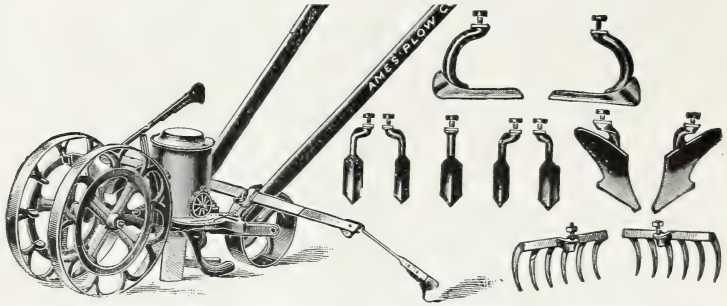
Matthews New Universal Single Wheel, Combined Drill.

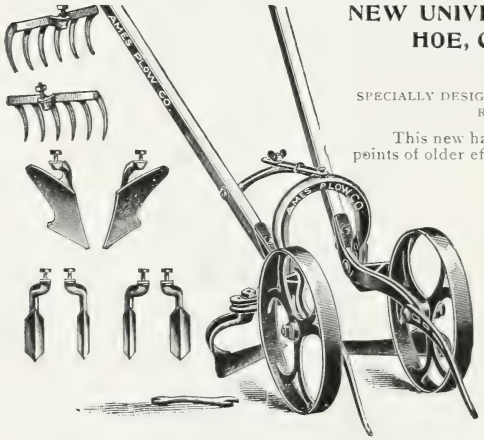
This desirable combination of the **Garden Drill** with the new Universal Cultivating attachments, is one which cannot fail of recommending itself to all. The attachments are 1 pair Hoes, 5 Cultivator Teeth, 1 pair Rakes, and 1 pair Plows



Matthews New Universal Double Wheel Combined Drill.

This is the same as the **Matthews New Universal Single Wheel Combined Drill** described on preceding page, and has the same cultivating attachments. It can be used either as a Double Wheel or Single Wheel machine.





NEW UNIVERSAL DOUBLE WHEEL HOE, CULTIVATOR, RAKE AND PLOW.

SPECIALLY DESIGNED FOR WORKING BOTH SIDES OF THE ROW AT ONE PASSING.

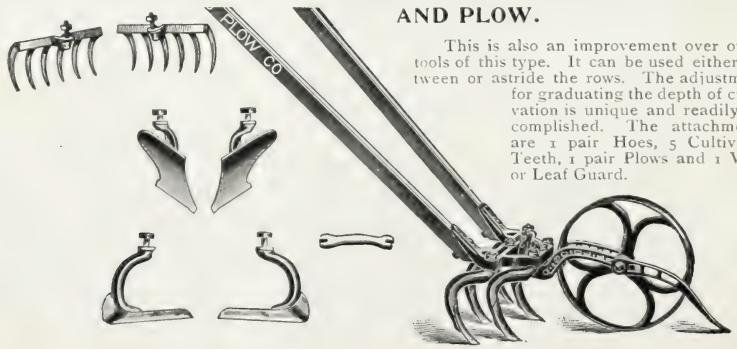
This new hand implement embraces all the good points of older efforts in the same line, and in addition offers new features which cannot fail of appreciation. The special recommendation is the **Adjustable Arch** by which not only the **depth** of work can be gauged, but which, by an ingenious device, enables the teeth to be pitched at any angle desired.

New Universal Plain Double Wheel Hoe

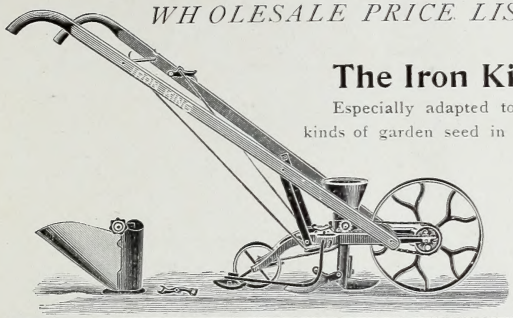
WITH ONE PAIR OF HOES ONLY.

The same machine as the foregoing, Rakes, Plows, Cultivator Teeth and Leaf Guards omitted.

NEW UNIVERSAL SINGLE WHEEL HOE, CULTIVATOR, RAKE AND PLOW.



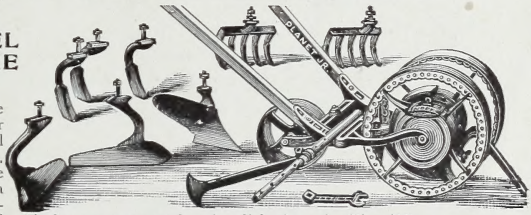
This is also an improvement over other tools of this type. It can be used either between or astride the rows. The adjustment for graduating the depth of cultivation is unique and readily accomplished. The attachments are 1 pair Hoes, 5 Cultivator Teeth, 1 pair Plows and 1 Vine or Leaf Guard.



The Iron King Seed Drill.

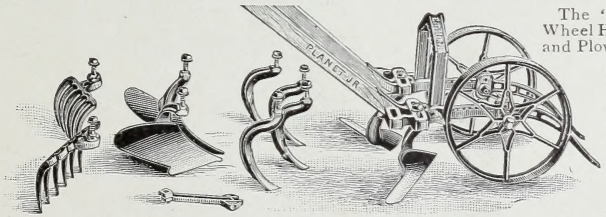
Especially adapted to sowing onion seed. Sows all kinds of garden seed in an exact line and at a uniform depth. Its special features are its shoe furrower, practical force feed, accuracy, noiselessness and ease of working. We have used it in our own extensive onion fields, and found it a successful and satisfactory drill.

THE "PLANET JR." COMBINED DRILL, WHEEL HOE, CULTIVATOR, RAKE AND PLOW.



This tool is unrivaled in convenience and capacity for work; it is suitable for the farm or the garden. As a Seed Drill it is the same as the No. 2, except in size. It holds one quart. For after care of the crop it is supplied with a pair of rakes, a pair of long hoes, three reversible cultivator teeth and a large garden plow. All the blades are tempered and polished steel. The different tools in this combination comprise all that are necessary for the great variety of work usually needed in the hand cultivation of farm or garden crops, and are particularly useful for all sown by a seed drill.

THE "PLANET JR." DOUBLE WHEEL HOE, CULTIVATOR, RAKE AND PLOW.



The "Planet Jr." Double Wheel Hoe, Cultivator, Rake and Plow for 1897 is compact and rigid. Its equipment consists of a pair of rakes, a pair of hoes, four cultivator teeth, a pair of plows, and a pair of detachable leaf guards. All the blades are steel, hardened in oil, tempered and polished; wheels adjustable in height; arch 14 inches high.

NOTICE.

By making use of the following Telegraphic words for weights and measures, together with the Telegraphic Cipher attached to each article in this list, our customers will be able to order by wire at trifling expense. The Telegraphic words for QUANTITIES must always PRECEDE the cipher words for Seeds, but if the same quantity of several articles is needed, the word for that quantity should be placed before the word for the first article only. For example:

"Freight Righter Kearney, Kossuth, Lehigh." Means "Ship by first freight Five Bushels each of Ferry's First and Best Selected, McLean's Little Gem and Champion of England Peas."

"Express Recanter Broome, Burke, Carlton." Means "Send by first express Two Pounds each of Early Jersey Wakefield (true American), Early Winnigstadt and D. M. Ferry & Co.'s Premium Late Flat Dutch Cabbage."

NOTT'S EXCELSIOR PEA.

A grand, new dwarf, wrinkled Pea of superb quality. Pods are always well filled, and the Peas for sweetness and tenderness have no equal. Vines are larger and more vigorous than American Wonder and earlier and more prolific than Premium Gem.

THE BEST OF ALL FOR THE HOME GARDEN.
